

## LED STRIP 5M 24V COB LEDS

Art. no. **50055030** | 50055031 | 50055032 | 50055033  
IP20

Art. no. 50055034 | 50055035 | 50055036 | 50055037  
IP68

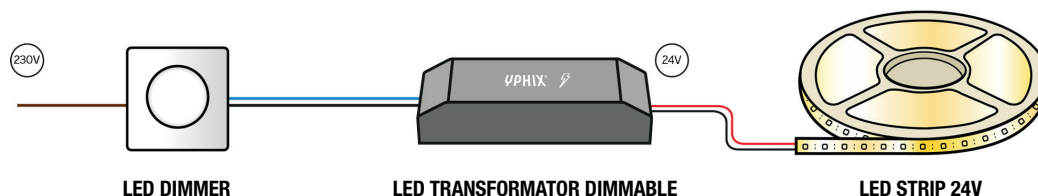

### DIMMABLE WITH WALL DIMMER

Dimming with 230V LED built-in wall dimmer: Combine the dimmable 24V DC transformer max. 50W or 100W with an LED dimmer 230V trailing edge. The dimming range with this combination is 70-90%. With a higher load, the dimming range will improve.

### PRODUCT COMBINATION

- LED dimmer 3-50W flush-mounted 230V phase cut-off Art. no. 50178506
- LED transformer 24V 4,16A Max. 100W dimmable\* Art. no. 50349525
- LED strip 5m 24V COB LEDS Art. no. 50055030 | 50055031 | 50055032 | 50055033
- Connector:
  - LED strip connector 24V COB IP20 15cm\* Art. no. 50056551

### \*OTHER OPTION

LED TRANSFORMATOR DIMMABLE	
1	LED transformer 24V 2,08A Max. 50W dimmable Art. no. 50349523

CONNECTOR			
	LED strip connector 24V COB IP20 strip to strip 15cm Art. no. 50056552	3	LED strip connector 24V COB IP20 strip to strip 50cm Art. no. 50056554
	LED strip connector 24V COB IP20 strip to strip Art. no. 50056553	4	LED strip connector 24V COB IP20 strip to strip 90 degrees Art. no. 50056555

**ADVISE: USE AN LED STRIP PROFILE FOR A 24V LED STRIP**
