

LED PANEL EXCELLENT

Art. no. 50233050 | 50233060 | 50233250 | 50233260

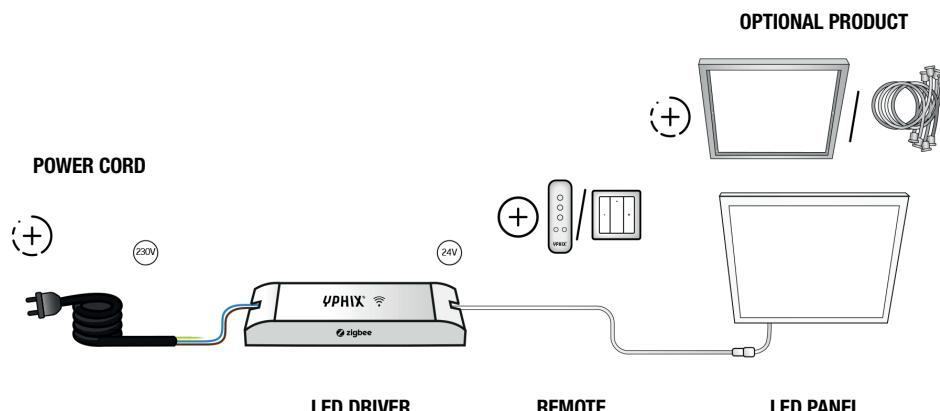

DIMMABLE WITH ZIGBEE

If you choose a Zigbee LED driver 350-1400mA 50W with your panel, you can easily connect the panel with the app on your smartphone that you use for your smart lighting. You can also combine the Zigbee remote with our pulse switches and wall remotes, so it's also possible to control the light without smartphone. You need one driver per panel.

PRODUCT COMBINATIE
